

Mosquito Control Contractor Identification

Miami-Dade County Mosquito Control is utilizing contractors to augment our mosquito control inspection activities. Contractors will conduct mosquito site inspections, and they will contact residents to gain access to a locked property to conduct inspections if necessary. Miami-Dade County Mosquito Control contractors can be identified by the following:

- Miami-Dade County and contractor co-branded vehicles (please see below)
- Miami-Dade County and contractor co-branded identification cards
- Neon vests with “Miami-Dade County Mosquito Control Contractor” written on the back (please see below)

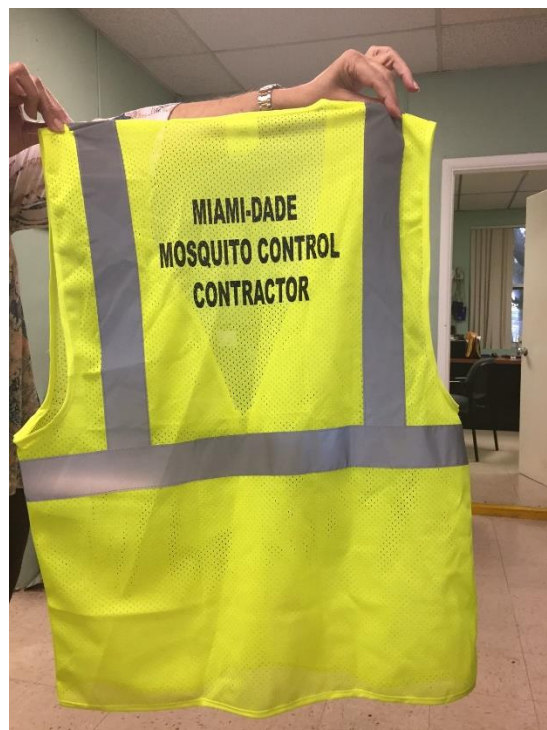

For more information on mosquito inspections, visit www.miamidade.gov/mosquito and click on “Site Inspections.”
